DEAR FAMILIES,

Welcome back to school! This year marks the 30th anniversary of Cornerstone Schools of Alabama. God has richly blessed us and we are starting the school year strong with over 700 students in K4-12th grades! Our theme this year is “Opportunity Awaits.” We have exciting plans and look forward to sharing with you at parent meetings, and through teacher and school communications.

At Cornerstone, we believe that the partnership between home and school is an essential part of our student success. Our Core Values are: Excellence for God, Excellence in Education, Excellence for Students, and Excellence in Character. When parents and the school work together, we can achieve Excellence Together! It is our goal to empower each student to achieve their God given potential in faith, education and character.

It is my pleasure to introduce you to the Cornerstone Schools of Alabama Handbook. The material contained in this handbook is intended to give parents and students a general introduction to policies, practices, and procedures employed by the school to accomplish the purposes outlined in the paragraph above. Following these guidelines is not only a requirement for your child’s attendance to Cornerstone but will ensure that the entire Cornerstone community is on the same page. Any questions regarding this handbook should be directed to the school Principal. It is important to understand that this handbook is meant to communicate general information. Specific policies, practices and procedures are implemented by teachers and staff, and may vary as needed for specific situations. The administration reserves the right to amend this handbook as deemed necessary.

Thank you for your trust in us. We are all looking forward to a great school year!

In Christ’s Name,

Dr. Nita Carr
President

Parent Covenant

Because we believe that education is only possible when there is support in the home, we ask the parents of Cornerstone Schools of Alabama students to renew their commitment to our Parent Covenant each year.

Following is the Covenant that we ask parents to sign:

In recognition of the promises of Cornerstone Schools of Alabama to provide an outstanding Christ-centered education, and recognizing that my child's success in school depends largely on my support and involvement:

- I accept the school's mission statement, beliefs, and strategies of education that are in accordance with the Word of God and Biblical virtues.
- I agree to support the school in upholding its rules and policies as outlined in the Student/Parent Handbook. As a parent, I am responsible for the behavior and actions of my child.
- I will support the School in maintaining a high standard of Christian conduct for its students. I acknowledge that should my child's behavior, while under the supervision of school personnel, become incompatible with the standards of Cornerstone Schools of Alabama, normal disciplinary procedures apply. However, depending upon the severity of the infraction, the behavior may be considered grounds for suspension or expulsion.
- I will support the authority and disciplines issued by Cornerstone Schools of Alabama faculty and Administration.
- I understand that disagreeing with faculty or Administration may occur; however, I also agree to maintain a high standard of Christian conduct when discussing my child/children. I understand that failure to do so may be considered grounds for my child/children's suspension or expulsion.
- I will practice the principle found in Matthew 18, by resolving difficulties with School personnel directly. If the conflict is unresolved, I/we will discuss the matter with the next person in authority. The line of authority is as follows: Teacher, Principal, and lastly, President.
- I agree to participate in mandatory parent activities, including parent-teacher conferences.
- I agree to pay for my child's tuition and fees and to do so in a timely manner.
- I agree to provide a supportive environment for my child, which includes the following:
 - a. Ensuring that my child arrives at Cornerstone Schools of Alabama daily by the start of school;
 - b. Ensuring that my child follows the Cornerstone Schools of Alabama dress code;
 - c. Always being aware of my child's academic standing.

I understand that the Cornerstone Schools of Alabama Student & Parent Handbook is not intended to cover every situation which may arise during the school year and that it is a general guide to the goals, policies, and expectations of Cornerstone. Furthermore, I understand that the President has the authority as the Administration of the said private school, Cornerstone Schools of Alabama, to make all decisions regarding the School (facilities, instruction, discipline, curriculum, activities, faculty/staff, students, and enrollment).

This serves as the parent copy to keep for reference. Please return the signed copy to the School's main office. This is required before your child can start school.

I Timothy 4:15

Student Covenant

We believe that education and character are crucial to being productive citizens of the world. Although it takes support from family and faculty, we recognize and value the individual commitment that is the foundation in this process. Students should read and sign the following:

In recognition of the promise of Cornerstone Schools of Alabama to provide an outstanding Christ-centered education, and in acknowledgement that my success in school depends largely on me, I pledge myself to the following commitments:

- I accept the School's mission statement, beliefs, and strategies of education that are in accordance with the Word of God and Biblical virtues.
- I agree to support the School in upholding its rules and policies as outlined in the Student and Parent Handbook. As a student, I am responsible for my behavior and actions.
- I will respect the authority and any disciplinary action issued by Cornerstone Schools of Alabama staff. I understand that I may disagree with the discipline I receive; however, I will accept my discipline with a repentant and humble spirit.
- I will support the School in maintaining a high standard of Christian conduct both on and off campus. I acknowledge that my poor behavior or choices may be considered grounds for suspension or dismissal.
- I agree to inform my parents of any communication or documentation that requires their signature.
- I agree to do my part in:
 - a. Ensuring that I arrive at Cornerstone Schools of Alabama daily by the start of school;
 - b. Ensuring that I follow the Cornerstone Schools of Alabama dress code;
 - c. Always being aware of my academic standing.

I understand that the Cornerstone Schools of Alabama Student and Parent Handbook is not intended to cover every situation which may arise during the school year and that it is a general guide to the goals, policies, and expectations of Cornerstone. Furthermore, I understand the President and/or Board of Directors have the authority as the Administration of the said private school, Cornerstone Schools of Alabama to make all decisions regarding the School (facilities, instruction, discipline, curriculum, activities), faculty/staff, students, and enrollment..

Failure to adhere to these commitments can cause me to lose various privileges and can lead to my removal from Cornerstone Schools of Alabama.

This serves as the student copy to keep for reference.

Attendance Policies

Faithful school attendance is critical to a successful school experience. While some elements of a missed classroom experience can be made up, certain other facets can never be reproduced or repeated. Some absences are inevitable and unavoidable; however, attendance policies at Cornerstone School are strictly adhered to and enforced. Attendance records will be reported on progress reports and report cards.

Students may not accumulate more than 18 absences (excused or unexcused) during a school year. Those who do will be subject to dismissal.

School Tardiness

Punctuality at school is important. While unforeseen problems may occur in getting to school on time, every effort should be made for students to be in the classroom **before instruction begins at 8:00 a.m.** *Any arrival into the School building after 8:00 a.m. is considered tardy.*

- Two (2) tardies within one week will require a parent conference.
- Three (3) tardies equal one absence.
- Five (5) tardies to school within a quarter will result in a student detention.
- Any check-in after 11:30 a.m. is considered one full day's absence.

Early Check-out

Once the student has arrived and begun the school day, it is important to complete the entire school day. Every effort should be made to keep students in the classroom until dismissal begins. Please note the following:

- All checkouts before dismissal are considered the same as a tardy
- Three (3) early checkouts equal one absence
- Any checkout before 11:30 a.m. is considered one full day's absence.
- Checkouts will not be allowed after 2:30 p.m. without a signed doctor's note
- Any student who is absent from school more than half a day may not participate in any extracurricular activities (including sports, band, dances, etc.).

For juniors and seniors, up to two college or university visits will be considered excused with written documentation from the corresponding college or university. Additional visits will be considered an unexcused absence.

The administration reserves the right to determine whether a student's absence/absences will be considered excused or unexcused. Requests for any other absence must be made in writing by the parent or guardian at least a week in advance.

Students are required to make up any missed work, including class work and homework. Students have one day per absence to complete any missed work. It is the student's responsibility to get any missed work from his/her teacher and to turn in the completed work within that time period. Tests or quizzes will be taken preferably on the day of return to School, or at the teacher's earliest convenience.

In addition to this guideline, Cornerstone coaching staff, athletic director, or administration reserve the right to make discretionary decisions on a student's eligibility to participate in Cornerstone Athletics. If a student athlete earns an F in any core subject, he/she will have the following 4.5-week grading period to pull the grade up above a 59. If the student is unable to do so, he/she will lose their eligibility, effective at the end of the grading period. Eligibility may be regained as soon as this is brought up above a 59.

The parents of students who consistently do not complete homework assignments will be notified (please see academic disciplinary policy p.12). Students have one (1) day per day absent after they return to school to turn in all missed work, including homework. Questions regarding homework should be brought to the teacher's attention. If for any reason a student is unable to complete a homework assignment, a parent must contact the teacher to verify the reason why it is incomplete.

Honor Roll – Students are recognized for A and A/B honor roll at the end of each nine (9) week grading period. All graded subject areas are considered in determining honor roll.

Failed High School Courses — If a student fails one or more semesters of a core class, he/she must make up that credit over the summer. It is the student's responsibility to make up the credit and to earn a passing grade in order to return to Cornerstone the following school year. If a senior fails a required 2 nd semester course, he/she will not be eligible to walk at graduation. The student will have to make up the course credit in order to receive his/her diploma from Cornerstone.

ACT TEST – – Cornerstone juniors and seniors are required to take the ACT exam at least once within each of those years. Parents of sophomores and older students are welcomed and encouraged to have their child take the ACT exam additional times outside of Cornerstone's recommendation.

Failure to report to detention, or reporting to detention late, will result in the student being required to make up that detention the following week and will count as an additional detention earned.

Two detentions (including a late or missed detention) will result in an office referral form and will remain in the student's discipline file for the remainder of the school year. (Class I Offense)

If a parent has a question or concern regarding a detention, he or she should contact the issuing administrator or teacher via email or phone message. Conferences must be set up in advance. Further questions can be directed to the Principal.

Refusal to sign a detention slip or refusal to have a child report to detention is a violation of the parent covenant.

"All Scripture is God-breathed and is useful for teaching, rebuking, correcting and training in righteousness, so that the man of God may be thoroughly equipped for every good work."

Use of Metal Detectors

In view of the potential presence of weapons in our school, Cornerstone has authorized the use of hand-held and walk-through metal detectors to check a student's person or personal effects as follows:

School officials or law enforcement officers may conduct metal detector checks of groups of individuals if the checks are done in a minimally intrusive, nondiscriminatory manner (e.g., on all students in a randomly selected class, on every third individual entering an athletic event). Metal detector checks of groups of individuals may not be used to single out an individual or category of individuals. If a School official or a law enforcement officer has reasonable suspicion to believe that a student is in possession of an illegal or unauthorized metal-containing object or weapon, he or she may conduct a metal detector check of the student's person and personal effects.

A student's failure to permit a metal detector check as provided in this code will result in disciplinary action, including suspension.

Any student wearing a pacemaker, defibrillator, or similar device who objects to being scanned by a metal detector, may so notify the appropriate school official and may be subjected to an alternative means of search.

Metal Detector Checks of Classrooms and Students

When a Principal decides to conduct a group metal detector check, he or she will select the class to be checked at random by blindly drawing one or more classrooms from all the classrooms within the School. The drawing shall be conducted in the presence of another adult.

Before conducting the metal detector checks, the participating administrator or law enforcement officer will enter the classroom and explain the scanning process to students in the class, emphasizing that the checks are intended to maintain a safe school.

An administrator or officer will check each student by visually searching the student's desk and then escorting the student and his/her personal effects into the hall to proceed with the metal detector check. An adult will closely observe students at their desks to ensure that no objects are removed from pockets or personal effects.

In the hall, the administrator or officer will ask the student to remove all metal-containing objects from his or her clothing and personal effects. The administrator or officer will then scan the student without touching his or her body and will scan the outside of the student's personal effects. The metal detector scan of the student's person will be done by an adult who is the same sex as the student. If the student refuses to cooperate, the administrator or officer may proceed with the check in the presence of another adult.

If the metal detector is activated during the scanning of the student's effects, the administrator or officer will open the bag, purse, etc., and look for weapons. If the metal detector is activated during the scanning of the student's person, the student will be given a second opportunity to remove any metal-containing objects from his person. If the metal detector is again activated, a same-sex administrator or officer will conduct a pat-down search of the student's outer clothing in the presence of an adult witness, when feasible. If the administrator or officer feels an object on the student's person, the student will be given an opportunity to remove the object. If he or she refuses, the administrator or officer will escort the student to a private room and remove the object from the student in the presence of an adult witness of the same sex.

Before conducting a metal detector check of an individual student, the administrator or officer must have individualized reasonable suspicion that the student is in possession of an illegal or unauthorized metal-containing object or weapon. The provision regarding personal searches as set forth shall be followed under the circumstances.

If a properly conducted search yields a weapon or any other illegal material, it shall be turned over to the proper legal authorities for ultimate disposition.

Interrogation & Searches

Search of Property

Cornerstone Schools of Alabama fully recognizes the implications of constitutional law in the area of student privacy. Cornerstone is equally aware that such tangible personal property items, such as student desks, student lockers, and related properties, are and remain the property of Cornerstone.

Cornerstone is charged with maintenance of such property and thus authorizes inspection for any maintenance-related reasons. With respect to the opening of lockers or desks for other reasons, the following shall apply throughout Cornerstone Schools of Alabama:

Desks, lockers, and other equipment at School belongs to the School and, although assigned to particular students for use, may be entered and searched by School officials whenever said School officials have reasonable belief that some object, item, article, substance, or other material is contained therein, which is illegal, harmful to the safety of the student himself or to the student body as a whole, or significantly disruptive or dangerous to the overall discipline in the School.

Vehicles driven by students and parked on school property are subject to search with or without the consent of students. Students shall not be allowed to park vehicles on campus until such time that the "Student Covenant Form" has been properly completed and returned to the School. Such forms shall be maintained on file at the School.

Any items which are specifically prohibited by law, by Cornerstone policy, or by fair and reasonable local school regulations, may be impounded by School officials. In such cases, students shall be given a receipt for said impounded items. Such prohibited items shall include, but are not limited to, the following:

- Any weapons;
- Drugs of any sort;
- Alcoholic beverages;
- Tobacco products;
- Pornographic or otherwise obscene material; or
- Any other object, controlled substance, or material which a violation or evidence of a violation of would be federal or state law, of Cornerstone policy, or of the local school's fair and reasonable regulations.

If possible, the student or students shall be contacted prior to any search of a desk or locker assigned to such student, and the desk or locker shall be opened in his/her presence. A witness from the professional staff shall always be present during the inspection when students cannot be contacted.

The content of this policy shall be communicated to all students and staff at the beginning of each year.

Search of a Student's Person

Cornerstone Schools of Alabama authorizes teachers and administrative personnel who have reasonable belief that the student(s) is in possession of weapons, illegal drugs, or other items harmful to the student or students or to the welfare of the student body, to search the person of said student(s) under the following conditions:

- Any such action shall not be taken unless there is a reasonable belief of violation of law or policy which can be substantiated if necessary;
- Any such action shall not be deliberately intended to embarrass, harass, or intimidate the student(s);
- Parents/Guardians shall be notified, in writing, of all such searches of a student's person. A copy of said notice shall be retained by the Principal.

The search of a student's person shall be with the knowledge, and under the supervision, of the Principal or his/her designee.

Any search of a student's person shall be done privately by a teacher or administrator of the same sex as the student to be searched. At least one witness who is an administrator or teacher, also of the same sex as said student, shall be present throughout the search. A record of the search shall be made. One copy shall be filed in the Principal's office. One copy shall be sent to the President of the School. Students shall be given a receipt for all items impounded.

Reasonable belief of a violation of law or policy may be based upon information from such sources as faculty members, reliable students, a law enforcement officer, visual evidence, or any of these factors.

Detection of Illegal Drugs

Cornerstone Schools of Alabama authorizes law enforcement agencies to make periodic, unannounced visits to any of its schools for the purpose of detecting the presence of illegal drugs. Such visits are unannounced to anyone except the President of the School and building Principal.

Interrogation

A student enrolled at Cornerstone Schools of Alabama shall not be interrogated by any non-school authority without the knowledge of the School Principal or the President. When law enforcement officers make it known that they wish to talk to a student while under the supervision of the School, the student will be informed by the Principal that the student has three choices:

- He/she may converse by telephone with her/her parent/guardian
- He/she may decline to talk to the officers until his/her parent/guardian is present.
- He/she may talk with the officers either in or outside the presence of a School official.

School officials will make every reasonable effort in every case to notify the parent/guardian. In those instances in which a parent / guardian cannot be present within a reasonable period of time, School officials must allow interviews by law enforcement officials to proceed in the absence of the parent/ guardian. Other non-school persons, except for parent/guardian, shall not interview students during school hours.

No student shall be removed from the School without a warrant or petition being officially served.

Cell Phone Policy

We understand that some families may choose to provide their students with cell phones based on concerns about safety or convenience. Students may not use their cell phones during the school day. If a School staff member sees or hears a student's cell phone, even if it is not in use, it will be confiscated immediately. Some exceptions may apply.

Cornerstone Schools of Alabama has a right to collect all student cell phones at the beginning of the day and to secure them in a safe place until the end of the day. Violation of this policy will be considered a Class 1 Offense. Cornerstone Schools of Alabama is not responsible for the loss, theft, or damage to cell phones confiscated as a result of a violation of policy.

Cornerstone reserves the right to examine any and all content including, but not limited to, messages, text messages, videos, and pictures on any electronic device, including cell phones, and to take disciplinary action based on the content, including the right to notify civil authorities at the School's discretion.

Cornerstone reserves the right to use current, existing, and available technologies in examining the electronic devices.

Cornerstone reserves the right to restrict any electronic device whether or not the specific device is mentioned in the Handbook.

Cornerstone is not responsible for the loss, damage, or theft of personally owned electronic devices.

Cell phones or any other personal electronic devices may only be used in accordance with the specific guidelines outlined in this section. Violators of the school cell phone policy will have their phone confiscated with all information needed to properly examine the phone. The phone will then be given immediately to the proper administrator.

Please note that any phone taken up for violating cell phone policy may be kept for an undetermined amount of time. Though efforts will be made to return the phones in a timely manner, cell phones do not have to be returned by the end of any school day. In certain cases regarding cell phones, the School may require a parent or guardian to pick the phone up during regular business hours.

Athletic Policy

Athletic Vision

To be a Christ-centered, world-class athletic program in Birmingham.

Athletic Mission Statement

Our mission is to provide the students of Cornerstone with an opportunity to participate in "spirited" competition through sports. We will provide an arena in which they not only compete, but through hard work and dedication, they can win. Through the process of preparation and competition, they will learn how to practice Biblical principles and to be an example to others. They will always learn the value of teamwork and communication and be expected to do their best.

General Guidelines for Participation

- Players are expected to attend each and every practice session. Any absence must be excused at least 24 hours PRIOR TO the scheduled practice. Failure to attend practice without prior approval will result in disciplinary action and could result in a player being placed in “bad standing” or serving a suspension from competition or the team.
- Players are expected to show up on time for each practice. On time is defined as being present AND dressed in athletic gear ready to play by the specified practice time. Late arrival will result in disciplinary action and could result in a player being placed in “bad standing” or serving a suspension from competition or the team.
- Any issues that arise during the season, including tryouts, should be communicated by the player to the Coach directly.
- Any one-on-one meeting between coaches and players or parents must be scheduled in advance. No meetings will take place within the 48 hours immediately following a practice or game. The School administration reserves the right to call a meeting within the 48-hour time period if deemed necessary.
- Students must attend a full day of school in order to participate in sports practices or competitions (as defined in the attendance policy)

Athletic/Extracurricular Activity and Eligibility

The determination of AHSSA/CSA athletic eligibility and the NCAA Clearinghouse is a collaborative effort of the School Counseling Department and the Athletic Director.

- Students must pass six units per year to be eligible for practice and participation in extracurricular activities for the upcoming year.
- No student in grades 7-12 who does not have an overall grade point average of 2.00 for the preceding grading period is eligible. For a student in grades 7-8 who would like to pursue an opportunity to participate at the varsity level, the student must have an overall grade point average of 2.50 in their core classes (Bible, English, History, Math, and Science) for the preceding grading period.
- A student is not permitted to play, practice, or participate in athletic events or extracurricular activities during the grading period following the determination of his or her ineligibility. A player’s eligibility is defined as the date the report cards are posted.
 - Athletic Eligibility takes effect following the first grading period of the seventh grade for students who are in seventh grade for the first time. These Academic Eligibility sanctions then continue to apply until the student graduates from Cornerstone Schools of Alabama.
 - The School Counseling Department monitors student achievement as related to athletic eligibility and communicates regularly with the CSA Administration, Athletic Director, coaches, and parents regarding students who are at risk for athletic ineligibility.

As a representative of Cornerstone, student athletes have the privilege, as well as a responsibility, to conduct themselves with utmost integrity. Athletes' practice, playing time and eligibility can and will be affected by their behavior, attendance, and academic standing. The consequences of behavior violations are at the discretion of School Administration and the Athletic Director. (Please refer to Behavior Policies on pages 13-15.)

"For God did not give us a spirit of timidity, but a spirit of love, power, and self-discipline."

I Timothy 1:7

Physical Education Excuse

- Doctor's written excuse - These notes must state the cause and reason for excusing the student, as well as the time students will be able to return to normal activity.
- With permission of a doctor and special supervision of Physical Education teachers, special exercise programs for students temporarily or permanently handicapped may be offered.

Other Excuses:

- Instructor's prerogative. The instructor may excuse any student whom he considers unable to participate.

The Five Second Rule

The next time you are about to post an update to your Facebook, Twitter, Instagram or other social media sites, pause for five seconds. At worst it might help you think of a better way to phrase things. At best, it might stop you from writing something that could have unintended consequences, such as hurt feelings or embarrassment.

A few things you might ask yourself in those five seconds:

1. Why am I writing this?
2. Am I giving away private information about myself, my family, or Cornerstone?
3. Would I ever say this to a stranger on the street or to my own mother?
4. Am I revealing my travel plans or otherwise showing when I'm not home?
5. Am I bragging to impress people?
6. This will live on the Web forever. Am I okay with that?
7. Am I adding to the sum of human knowledge?
8. Does this really matter?

Substance Abuse Policy

Cornerstone's policy is to strive to maintain a drug-free environment for all its students and staff. The school reserves the right to universally or randomly test students at any time for drug use.

A part of the schools comprehensive substance abuse policy is to conduct universal and random drug tests as an additional deterrent to illegal use of controlled substances. The penalty for any violation of this policy may, at the recommendation of the school administration, be a request for withdrawal or expulsion of the student.

Cornerstone reserves the right to select/approve drug testing companies and technologies and may refuse a test result from an approved or outside agent.

Cornerstone reserves the right to conduct searches by the staff and administration of Cornerstone and to invite appropriate law enforcement officers to visit at any time to search for controlled substances. Searches may include the use of law enforcement officers, canines trained in the detection of narcotics and/or firearms and explosives, and other technologies.

The school reserves the right to search any person or property, including vehicles, brought onto school premises. Any alcohol, drugs, or drug paraphernalia found in lockers, cars, or other items under the student's control will constitute possession. The possession of prescription drugs on campus is a violation of school policy. The possession of controlled drugs, including prescribed drugs, without a valid prescription, is a felony.

During a search of the school and/or school premises, if any controlled substances are discovered, an arrest may be made pursuant to appropriate federal, state, or local law.

Any student arrested during the course of school search will be transported by appropriate law enforcement officials to the appropriate facility. The school has no authority to intervene with law enforcement officials.

Student Withdrawal Policy

No school records will be forwarded until all accounts are paid in full. Any requests for special exemption to this policy must be submitted to the President or Principal in writing. The request should detail a plan for paying the account.

A completed Student Withdrawal Form must be in Cornerstone's possession before any school records will be forwarded. This form must be signed by the parent or guardian. The official records will be mailed to the student's new school.

Students who withdraw from Cornerstone may not return for one full academic year, and readmission after a year should not be considered automatic. We will not make a commitment to you about the readmission of your student to Cornerstone.

A student may not re-enroll until any outstanding balance is paid in full.

Other Child Nutrition information such as Menus and other CNP information can found at csalabama.org/parent/parent-resources/

Meal Charge Policy

Cornerstone Schools of Alabama (CSA) realizes that students may forget or lose breakfast/lunch money. In an effort to effectively make sure that our students do not go without a nutritious meal, the student will be notified in line when their account has reached Zero Dollars. They will still receive a regular breakfast/lunch for that day. **For all meals in the future (until the account is paid and has a positive balance) the student will receive an alternative meal.** The student will not be allowed to purchase any “extras” until the account has a positive balance.

Alternative Meal for Breakfast: Nutri-Grain Bar, Applesauce Cup, Milk

Alternative Meal for Lunch: PBJ, Applesauce Cup

Parents will receive an email (from Linq-Titan) every day that their student’s account is in the negative. Paper copies will also be sent home with the student every Friday.

To make it easy for parents to view charges and get notified of low balances, we have partnered with Linq-Titan School Solutions. There is no charge for parents to create an account. You can monitor your student’s transactions, receive emails regarding low student meal balances and apply for free and reduced meals at <https://linqconnect.com/>.

If you prefer a printable application, one can be located on our website at <https://csalabama.org/parents/parent-resources/> or you may stop by the front office and pick up a copy.

Handbook Addendum

CSA offers four options for a parent to fund their student's account:

1. Pay online through the school website
2. Pay at the front office
3. Check made out to CSA Child Nutrition
4. Cash

Faculty and Staff will not be allowed to go into the negative for breakfast, lunch, or a la cartes. Please see the above for the 4 options to pay. Faculty and Staff are expected to have money on their account prior to coming through the cafeteria.

Worthless or Returned Check: Please note that if you pay with a check and the check is returned, an automatic \$30.00 returned check fee will be applied to your account. Any family that submits two returned checks may be denied the ability to pay by check in the future.

It is unlawful for the Child Nutrition Program to absorb unpaid, charged meals. Parents are responsible for providing funds for student accounts. If parents need financial assistance to pay for school meals, a meal benefit application for free/reduced-price meals must be completed. The meal application only takes a few minutes to complete and can be found online at <https://linqconnect.com/> Applications for meal benefits can be completed at any time during the school year.

If a student is without meal money on a consistent basis, the administration will investigate the situation more closely and take further action as needed. If financial hardship exists, parents and families are encouraged to apply for free or reduced-price lunches for their child if applicable.

Nutrition Standards

Meals

CSA is committed to serving healthy meals to children, with plenty of fruits, vegetables, whole grains, and low-fat milk; moderate in sodium, low in saturated fat, and zero grams trans-fat per serving (nutrition label or manufacturer’s specification); and that meet the nutrition needs of school children within their calorie requirements. The school meal programs aim to improve the diet and health of school children, help mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns, and support healthy choices while accommodating cultural food preferences and special dietary needs.

All schools within CSA participate in USDA child nutrition programs, including the National School Lunch Program (NSLP) and the School Breakfast Program (SBP). Select individual schools also operate additional nutrition-related programs, including Breakfast in the Classroom and After School Snack Program. All schools within CSA are committed to offering school meals through the NSLP and SBP programs, and other applicable Federal child nutrition programs. All schools adhere to the following guidelines:

- Students should be allowed at least 10 minutes to eat breakfast and at least 20 minutes to eat lunch, counting from the time they have received their meal and are seated.
- Students are served lunch at a reasonable and appropriate time of day.
- Participation in Federal child nutrition programs should be promoted among students and families to help ensure that families know what programs are available in their children’s school.

In addition, students are allowed to bring and carry (approved) water bottles filled with only water with them throughout the day.

Competitive Foods and Beverages

CSA is committed to ensuring that all foods and beverages available to students on the school campus support healthy eating. The foods and beverages sold and served outside of the school meal programs (i.e., “competitive” foods and beverages) meet the USDA Smart Snacks in School nutrition standards, at a minimum. Smart Snacks aim to improve student health and well-being, increase consumption of healthful foods during the school day, and create an environment that reinforces the development of healthy eating habits.

Parents may not drop off and/or bring in food from restaurants for the child. If parents are planning on eating lunch with their child, they are asked to consider eating a school lunch with their student.

Staff meals that are delivered or picked up from restaurants should be done when they do not have students, such as during planning periods, etc. Students are not allowed to retrieve staff food or beverages for them. It is important that the staff encourages students, as well as one another, to maintain nutritious diets as well to encourage everyone to eat from the cafeteria.

Celebration and Rewards

Foods for celebration and rewards are encouraged to be healthy or non-food related.

Celebrations and parties. CSA will provide a list of healthy party ideas to parents and teachers, including non-food celebration ideas. Healthy party ideas from the Alliance for a Healthier Generation and from the USDA. Each classroom will be encouraged to limit class parties that do not meet the Smart Snacks in School nutrition standards to no more than 2 per school year. Celebrations that are tied into the curriculum will not count towards these exempt allowances.

Nutrition Promotion

Nutrition promotion will also include marketing and advertising nutritious foods and beverages to students through a comprehensive and multichannel approach by school staff and teachers, parents, students, and the community.

Food and Beverage Marketing in Schools

CSA is committed to providing a school environment that ensures opportunities for all students to practice healthy eating and physical activity behaviors throughout the school day while minimizing commercial distractions. CSA strives to teach students how to make informed choices about nutrition, health, and physical activity. It is the intent of CSA to protect and promote student's health by permitting advertising and marketing for only those foods and beverages that are permitted to be sold on the school campus, consistent with CSA's wellness policy.

Physical Education & Physical Activity Opportunities

Children and adolescents are encouraged to participate in 60 minutes of physical activity during the school day. A substantial percentage of students' physical activity can be provided through a comprehensive, school-based physical activity program (CSPAP) that includes these components: physical education, recess, classroom-based physical activity, and out-of-school time activities and CSA is committed to providing these opportunities. Schools will ensure that these varied opportunities are in addition to, and not as a substitute for, physical education (addressed in "Physical Education" subsection).

Physical activity during the school day (including but not limited to recess, physical activity breaks, or physical education) should not be withheld as a consequence. This does not include participation on sports teams that have specific academic requirements. CSA will provide teachers and other school staff with a list of ideas for alternative ways to discipline students.

To the extent practicable, CSA will ensure that its grounds and facilities are safe and that equipment is available for students to be active.

All schools will be encouraged to implement strategies to support staff in actively promoting and modeling healthy eating and physical activity behaviors. Examples of strategies schools will use, as well as specific actions staff members can take, include:

- Participating in Scale Back Alabama
- United Healthcare, “Health and Wellness”
- Promoting Healthy Eating options in the Employee Breakroom / Teacher’s Lounge
- Participating in CommuteSmart program

Professional Learning

When feasible, CSA will offer annual professional learning opportunities and resources for staff to increase knowledge and skills about promoting healthy behaviors in the classroom and school. Professional learning will help CSA staff understand the connections between academics and health and the ways in which health and wellness are integrated into ongoing reform or academic improvement plans/efforts.
